malden high school, malden massachusetts, 02148, volume 71

This yearbook is dedicated to Avis Leabman, a Biology teacher in the Malden schools beginning in 1971 and a faculty member here since 1981.

An assistant advisor to almost every class since she has been here; she began the crafts fair which has become an institution. Similarly she works on Junior Varieties almost every year, and assists in

advising the National Honor Society where her interest is the Special Olympics project. Left on her own she would instinctively choose low profile behind the scenes work, the exception was her head advisorship to the Class of 1984.

This dedication is however intended to recognize her work in the classroom. Whether very

early in the morning or in the late afternoon student filled laboratory the first impression is that here is a woman who demands more from herself than she ever did from a student. Those who know her best speak of her almost total preoccupation with the next day's class or the extra lab that will be yet more effective in getting the point across. The same

people are quick to add that she never forgets a student's name. If a former student is asked, the first response is almost always that kids are the center of her life.

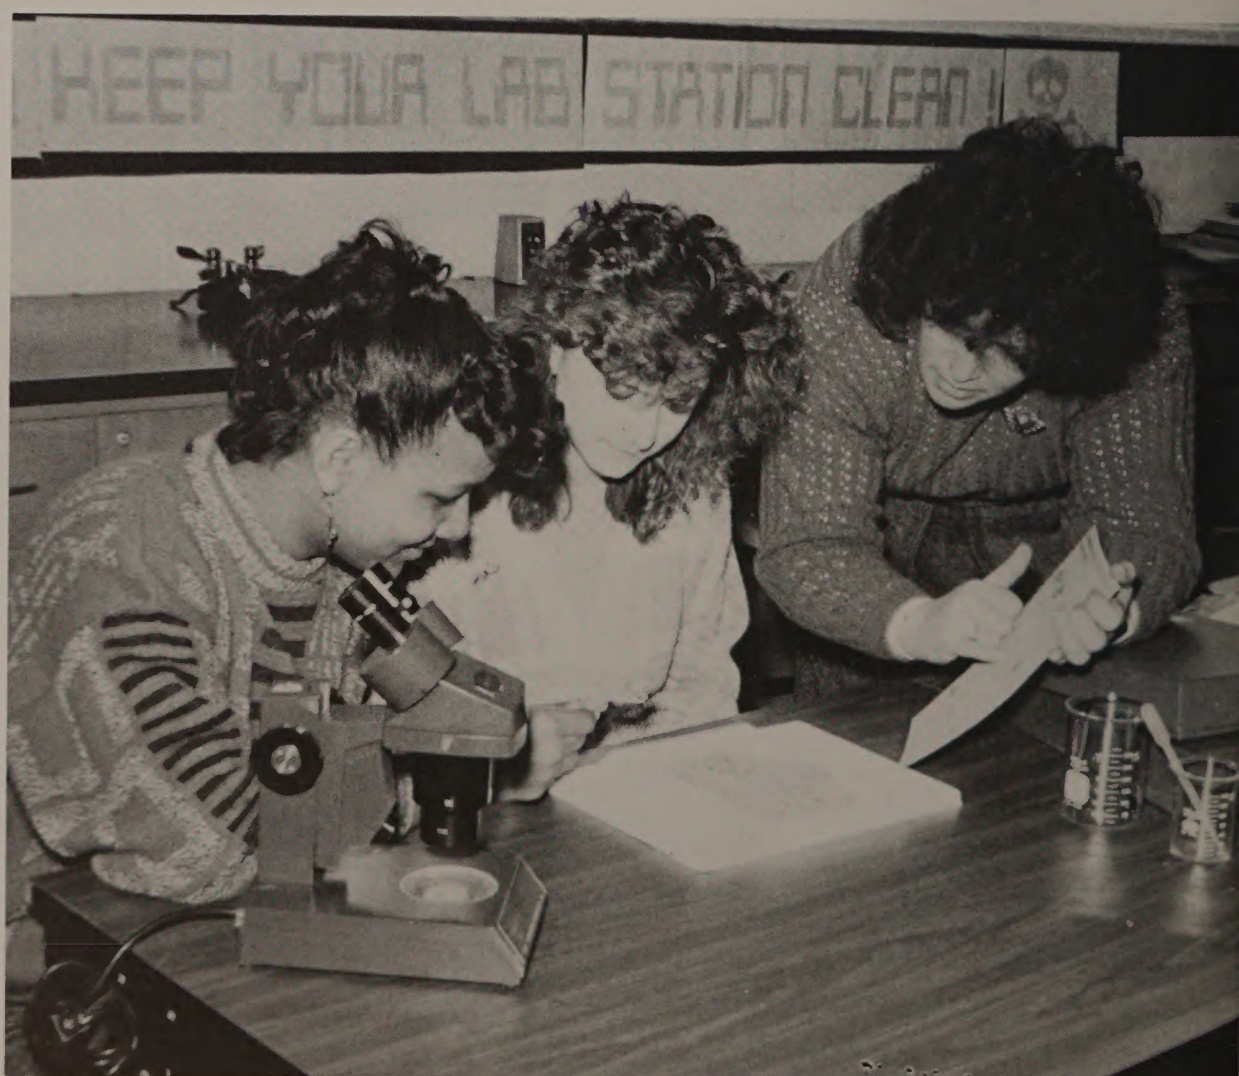

In citing Avis Leabman we wish to honor not just her but all those teachers who give so much in very difficult circumstances.

29 trophies cap
the competitive season

it's like family

The Malden High School Band added another 29 trophies to its' collection this year. Over the past 6 years the band has received a total of 160 trophies. Director Mel Blackman commented, "This year's marching season can be summed up by the fact that the members of the Malden High School

Band and Colorguard are not only wonderful performers, but very special people."

One of the most memorable events was the trip to St. Petersburg, Florida in April to participate in the Festival of the States where the band represented Massachusetts.

"It's been a rough season, but overall

we're pleased with our performances." Kim Kapralski was quoted as saying. The band had been to many places in the past 6 years, including Florida, Georgia, Virginia, and Niagara Falls, and they've been invited to play in such places as London and Australia.

One member summed up her

feelings of her experiences, "Being in the band for the past four years has been one of *the* most rewarding experiences of my life. It takes dedication, drive, and talent. For these traits we are rewarded with memories that will last a lifetime."

Bonnie Wayshak, drum major, said, "Band has been like a family to me."

1. Senior Frank Polischuk keeps the beat for a half time performance at the Somerville game, early in the season. 2. For Band members, this was the last time they would sit in the subsequently condemned stands. 3. Sophomore Drum Major, Leah Hatch leading the Band off the field after a Saturday afternoon performance. 4. Precision is the key to making perfect forms. This was rehearsed by the Band at a Saturday morning practice at MacDonald Stadium. 5. Freshman, Christine Mc Knight and

Sophomore, Maureen Gibbons show the concentration necessary to achieve smooth performance at the Arlington football game. 6. Using music is acceptable for the first few times out but eventually Junior, Bryan Tuttle would have to memorize it. 7. Band members Judy Abruzzese, Jodie Zalk, Stacey Kirwan and Joe Palmer anxiously await their time in the spotlight.

an inexperienced team
upsets the league seers

better than expected

Ending the season with a disappointing record of 6-5-4, the girl's field hockey team's performance was courageous. They were expected from the start of the season to do poorly because the team consisted of new and inexperienced players. This caused a lot of pressure to be placed on the seniors and tri-captain Kristen Gaspar, the only

junior with field experience. Tri-captains, Kari Edwardsen, Diane Demayo, and Kristen Gaspar upheld the leadership of the team.

A few highlights of the season were the defeat of Arlington 1-0, Peabody 1-0, and the exhilarating night game against Revere, when they came from behind to tie the game.

Although the team did not make the tournament, it was an accomplishment that their last game was the determining factor whether they made the tournament.

When they were defeated, it was a disappointment for the senior girls who will not have another season.

Honors were bestowed on a few

players. Senior Kari Edwardsen, and juniors Kristen Gaspar and Jen Bouchie were chosen for the GBL All-Star team.

Christiana Della Russo said "The best part of being on the team was the sense of spirit and teamwork shared by all."

distance runners
get even lonelier

track records follow interest

When the cross country and indoor track seasons rolled around this year, so did the same problems that the teams have been having for the past several years.

Although, in the past, there have been problems with not enough runners, this year the numbers reached an all-time low. The boys' cross

country team started out with six runners, and the girls' team had only three. This started out the season on the wrong foot because a team must have at least five runners to avoid a forfeit. After the girls managed to recruit two more runners, the team was able to win some meets.

As usual, at the beginning of the

indoor track season, a large group of runners appeared at the practices. However, as the season slowly faded away, so did the runners. At the end of the season, the number of runners at practice averaged at fifteen. Between Junior Varieties, work, and just plain laziness, an estimate of twelve runners

seemed to disappear when time for practice came. Coach Carol Gabriella said, "It's not fair to the ones that do show up. The others only want to come to the meets, they don't want to work."

Despite the problems, the teams were grateful for their few victories.

1. Heather Hucklins manages to keep a smile despite the tough opposition. 2. Tom Walklett and Dave Simonelli attempt to break from the pack of Arlington runners. 3. George Corante and Mark Medeiros fight Arlington for the lead. 4. a gbl title
for the second year

warning against the odds

Although believed to be underdogs coming into the season, the team proved to be victorious. The highlight of the season was winning the GBL title for the second year in a row at the Thanksgiving Day game against Medford 14-13. Winning the title by defeating Medford was ironic because Medford had been the

pre-season pick for the title.

The team credited their performance to the strength of their defense. The defense suffered with the loss of senior linebacker Jeff Webb when he broke his ankle during the Arlington game. He recuperated in time to participate in the Thanksgiving Day game.

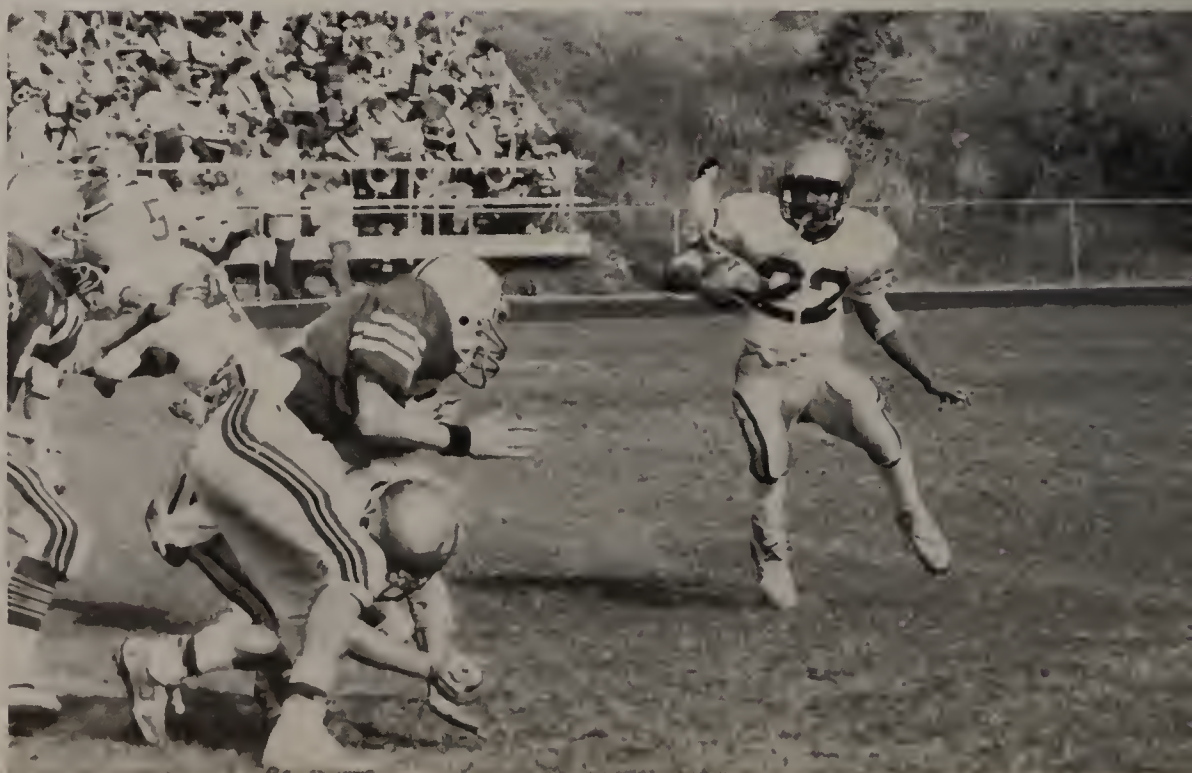

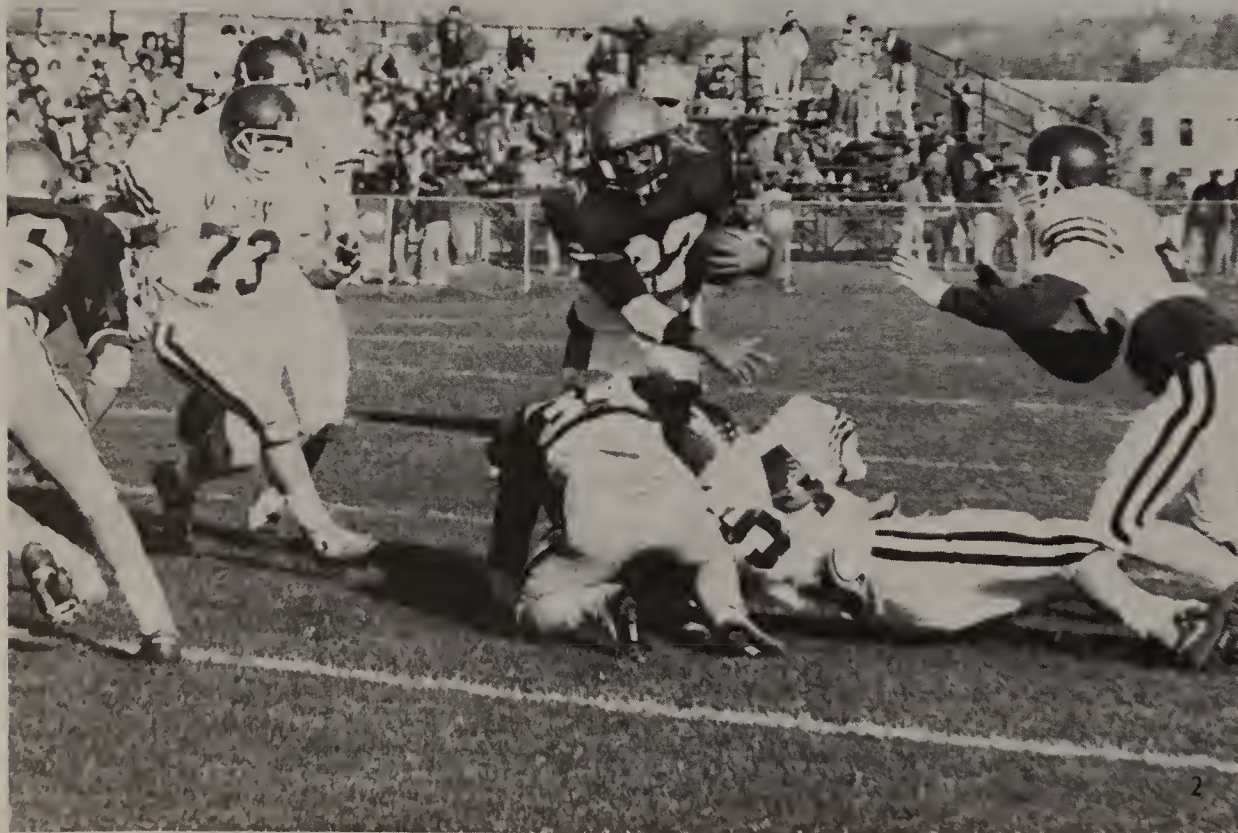

One of the disappointments of

the season was the last five games could not be played at MacDonald Stadium because the bleachers had been declared unsafe. It was a let down for the seniors who could not play their last game on their home field.

Co-captain Mike Freker said the success of the season and winning the GBL title was owed to the great friendship and

determination of the team. He said the best part about being on the team was the memories the will have for the rest of his life.

Senior Bob Carroll summed up the season by saying that "Beyond all the glittering glory of last year, we just strapped on the gear and got the job done."

narrow losses reflect a thin feeder system a disappointing season

On looking at the soccer team's record, one might be discouraged with the statistics. For one to truly appreciate the team, he must watch them play. The team had some of the most talented individuals in the G.B.L. such as Mario Fosco and John Barletta who were two of the G.B.L. leading scorers. The team's endurance and

playing ability was as good as any other team in the league. Just about every game played featured low scoring and the games lost were by a small margin.

As tri-captain Greg Smith said, "It was aggravating to lose by one goal to teams we know we could beat. That has been the story of our season. We kept falling one

goal short but one thing I can say for sure is that I'm not disappointed at all. I know we played well and I feel our opponents did too, but in every game there can be only one winner and I have great hopes for the future."

We must still remember that soccer is a young sport in our city. As tri-

captain Dave Villanucci once said, "Soccer is growing rapidly in Malden and I can see a lot of young talent trying out each year. I feel that in the future Malden will be a tourney bound team."

This was not however, the year for Soccer.

playing with heart
in a very weak league

a discouraging year, all around

The hockey team's disappointing record did not accurately reflect the fine quality of the team. The team possessed the ability to do better but they just did not start off the season well. Team members admit they lost a few games they could have won.

The team said their greatest strength was their ability to come from behind to win.

The team was definitely at it's best during the third period when they would make their move. Having many talented players like Seniors Adam O'Neil, Robby Hennesy, Lew Barret, and Bobby Carroll helped the team greatly also.

One of the highlights of the season was the close game the team played against Cambridge.

The team came from behind to win 5-4.

Senior Keith Fales said the most important parts of being a member of the hockey team was that he learned discipline and had a lot of good times.

Junior Billy McBrine summed up the season by commenting that this team showed the greatest amount of effort and dedication

in a long time.

A member of the team said that the best summary of the season was the differencet between the team's league and overall record. Malden had a better overall record than some teams that placed higher in the GBL and should be praised for their performance.

third place to for gymnastics
first for women swimmers

the girls did very well

There is only one word to describe the Swim Team's season and that is championship. It was one victory after another. The initial win over Lynn-English was just the first step on the way to an undefeated GBL title. With only two losses, to Malden Catholic and a rematch against Melrose, the team's spirit remained unbroken.

Competing at the Sectional Meet at Medford, the Girls' team lead by their record breaking relay of Julie Dempster, Jessica Gagnon, Kari Edwardsen, and Christiana Dello Russo, took first place and with the Boys taking second.

The gymnastics team, plagued with many injuries, competed valiantly and achieved third

place in the GBL this season.

Many meets were very close but this did not cause the team to lose their spirit, in fact, this only drove them to strive harder. Captains Chrissy Havey, Maria Guiterriez, and Susan Fronduto not only contributed gymnastics skills but also those of Dedication and leadership.

Junior Nicole Campbell gave some thoughts on this season. She said, "The team worked hard on their own time, all through the summer, attending camp, and going to classes 4 to 5 days a week. It was unfortunate to see the injuries."

for girls the rewards were less concrete boys take gbl title

The Girls' Basketball Team completed a successful season despite a record of 2-18. Led by Co-Captains Angie Rossetti and Bonnie Wayshak, the girls continued to work hard and improved steadily as the season progressed.

Team members who made significant contributions and showed much improvement during

the season were: Senior Angie Rossetti, Bonnie Wayshak, Colleen Shea, Lisa Kayser, Ellen and Amy Tortorella.

Among the season's highlights were coming in second in the Pope John Christmas Tourney; and the naming of Bonnie Wayshak to the GBL All Star 1st Team and Colleen Shea named as an honorable mention. According to varsity

coach, Don Brunelli, "This year's team was the nicest group of girls I ever coached. They never stopped working hard and constantly strived for excellence. Every coach should be as lucky as I was to have the opportunity to work with these young ladies."

The boys basketball team had a very successful season. For the first time Malden won the GBL title

alone.

The most memorable game of the season was the second game against Everett at home. Malden boys held off Everett in the final seconds to win the deciding game who would place first in the GBL.

The team also was proud of their perfect home record.

1. Eddie Williams guards his Everett opponent. 2. Bonnie Wayshak prepares to accept a pass. 3. Spencer Peavey plows his way by his Everett counterpart. 4 Ellen Tortorella takes advantage of her unguarded position and shoots the ball. 5. Lester Baker brings the ball up the court as Eddie Williams and Spencer Peavey back him up.

recognition for
an active schedule

the goal is professionalism

The Choral Arts Society is one of the oldest and most dignified clubs at Malden High. This active group performed for many audiences, including Congressman Edward Markey's Christmas party, and numerous performances for Malden civic and religious groups.

The group had

eight talented seniors among its members. Three members Susan Moss, Timothy Moody, and Cheryl Hartford were chosen by audition to perform in the M.M.E.A. All-District North East concert in January. Susan Moss was chosen to audition for the All-State concert.

Advisor, John

Hoissleur said, "I feel that the Choral Arts have exhibited a high level of professionalism. They were considered to represent the state of Massachusetts in the Young American Concert in California; unfortunately the invitation came too late in the year for the necessary arrangements."

Senior, Eric Rowe, said, "I've learned a lot from chorus because of the many exciting opportunities I've been exposed to."

The charitable group often sang for the elderly community, and have often brightened many people's spirit with their voices."

smaller staffs labor to keep traditions going worthwhile but frustrating

For many decades, students and teachers have chronicled the life of the high school student. One method used is the school newspaper, the Blue and Gold, which informs the high school community of upcoming events and activities. It reports on how each class is doing and profiles outstanding academic and athletic students. Constance Halks,

advisor, and the staff created an exemplary paper.

Another example is the yearbook, the Maldonian. The ten person staff documented the lives of 1700 students. It took a lot of hard work, but the Maldonian staff pulled together a quality yearbook. Head Editor, Barbara Giltrap, said, "It was frustrating trying to

meet the deadlines, but working with a supportive crew made it enjoyable."

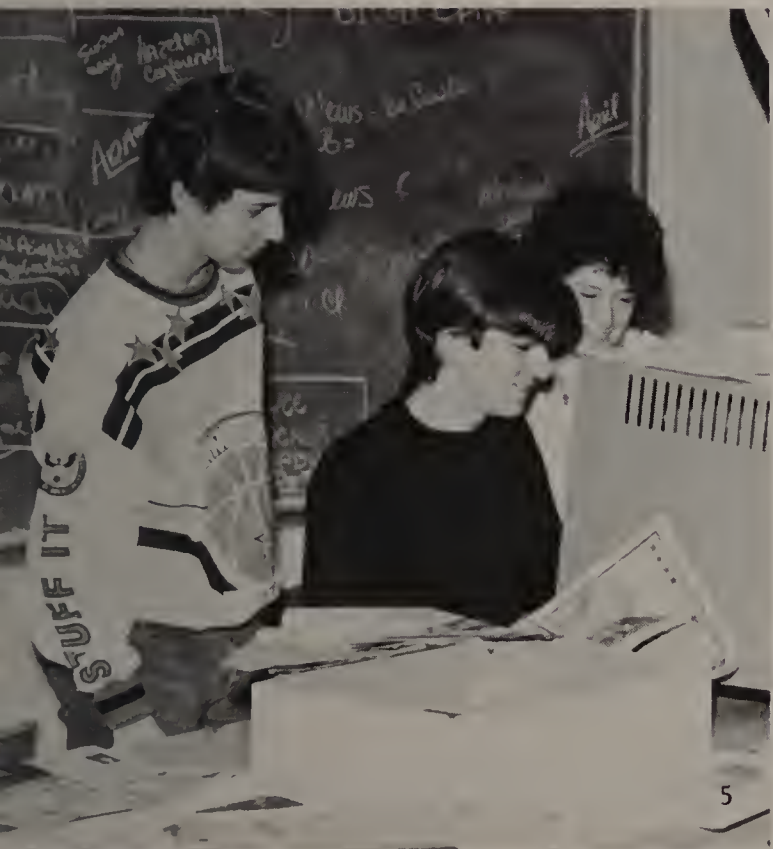

Photographer, senior, Carrie Borrelli, said, "It was great to have a class that I actually enjoyed."

Senior, Gale Sheldon, of the Maldonian summed up the experience by saying, "Working on the Maldonian staff is the best example of team work I have ever

been part of. Together we have worked against the clock to make a yearbook to remember."

Senior, Kerrin Wood, of the Maldonian stated, "This yearbook is special. It is the last of a decade as we venture into a new future."

messages from
the leadership of

four memorable years

It has been my pleasure to know and work with you as the class advisor for the Class of 1989. I hope you have learned during the past four years how cooperation, hard work, involvement, commitment, and dedication to an

organization and to yourself can be very rewarding.

My advice to you is to be yourself, help others, and learn from your mistakes. Work with others and share ideas to solve common problems. Set your goals and standards high and

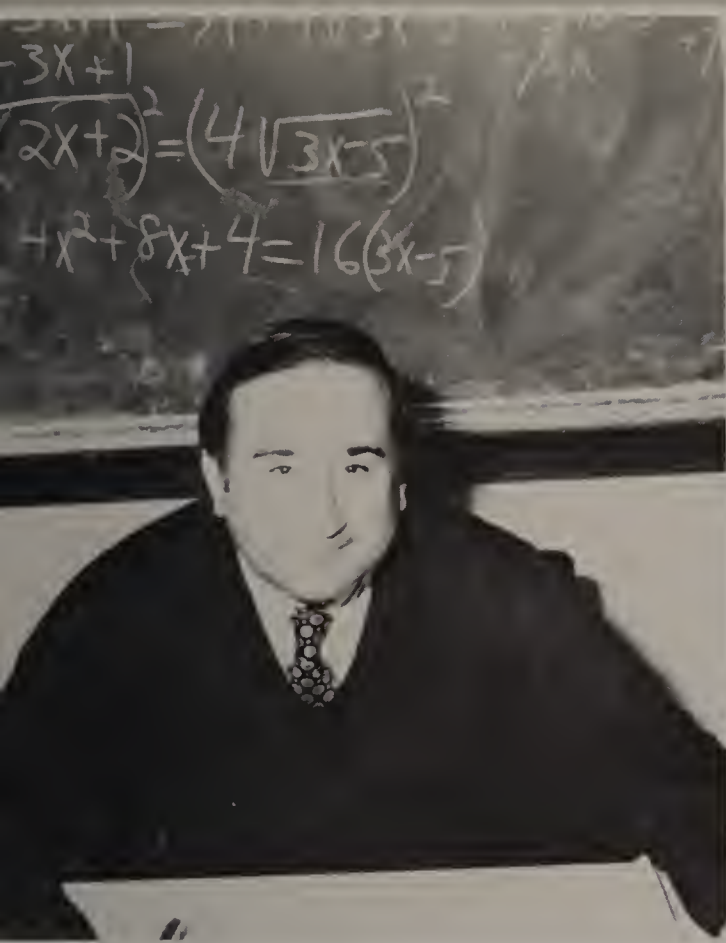

keep working to achieve and maintain them. Continually strive for success and try not to let minor setbacks bother you. Be strong and determined in your work.

Thank you for making these past four years pleasant

and memorable. I wish you much success and good fortune in all your endeavors. I love you all and please keep in touch.

Donald Brunelli
Head Advisor

I would advise each member of the Class of 1989 to set high goals for themselves in whatever they decide to do after graduation and to work hard and have faith in themselves to attain these goals.

Richard Bezubka
Advisor

Realize each person has his/her own special talents which need to be developed. Everyone can make a contribution that will benefit the global society. Leave Malden High School and become responsible, hard-working, caring adults.

Avis Leabman
Advisor

Over the last four years I learned many things, but most importantly, I've learned the value of friendship. My friends and I have been through many trying experiences, but we've created a bond that helped overcome these hardships. I owe quite a bit to my friends. We have helped each other quite a bit over the last four years, and I'd just like to say thanks.

Deborah Rosenthal
Secretary

These four years were significant to me because as President of the Class, I was able to watch and be a part of the Class growing closer to one another.

I was able to help the Class with all events and help each event become successful. I have been able to meet people like Mr. Brunelli, Mrs. Cepetelli, Mr. DiGiammarino, and the other Class advisors who helped make my high school years special.

Thank You

Don DiMarco
President

Never stop trying,
Never stop living,
Never stop loving,
Never stop smiling.

You have become a close class—grown up to become beautiful young people—Malden High School can be proud to graduate this class. As a whole the class has progressed academically also.

Robert DiGiammarino
Assistant Vice Principal

The four years I've spent at Malden High School are significant to me because I've seen all the different kids from each junior high work together and become one group. With all the events from the flea market to Junior Varieties to the Blood Drive, this class has learned that we have to work together as a family. It has shown through the years and all the events that we have in fact become one group. Even after graduation, we will all look back at the Class of 1989 as a family and be happy that we are a part of this family.

Kelly Lewis
Vice President

Over the past four years, I have acquired many close friends. I will always treasure these relationships. Being a class officer for four years has allowed me to work closely with our class and our advisors. I would like to thank the class of '89 for making it possible for me to serve them as one of their leaders. I would also like to give a special thank-you to every faculty member who has spent much time helping with our class activities and also those whom I have worked very closely with. I wish the Best of Luck to the Class of 1989.

Bonnie Wayshak
Assistant Vice President

My advice to the members of the class of 1989 would be to never lose sight of the fact of how very important we all are.

"Be true to yourself" and in being so you will be an example for others to follow. Keep in mind that

our ultimate goal for eternity must be our priority. Material gains are all very good, but they must be grounded in common decency and concern for others.
Good Luck

Friendship—During these four years I have made many new friends and grown closer to old ones. I wouldn't have made it this far without them. We've been together through the best and the worst of times and although we will soon part, the memories of wonderful times will always remain. Thanks for a great four years Class of '89.

Ellen Peterson
Assistant Treasurer

As a prelude to the adventure of life, high school has been filled with frustration and anticipation, but also many memorable achievements.

Now all I have of Malden High is the past. In the past there are achievements, moments of happiness, moments of sadness—moments which mean nothing now. All anyone can claim from the past is that which endures in the present. This is why the friendships I have formed are the most important elements of my four years at Malden High School.

Sean B. Davis

I have had so many great experiences during the past four years. I had fun working with the Class on Junior Varieties, banquets, and other events. The reason that the past four years have been so significant is because of the great relationships I've formed with my friends and teachers.

My opinion of the past four years- as President Reagan would say, "All in all, not bad!"

Jodie Steller

My four years at Malden High are ones that will undoubtedly not be forgotten. I have made some great friendships that will last beyond my much enjoyed stay at Malden High! I was very fortunate to have attended Malden High School. I feel that being involved in activities at M.H.S. has afforded me the opportunity to meet many people with whom I have been able to work, make decisions, cooperate, (make chocolate, MMMM), play sports, do homework and my favorite . . . HAVE FUN!

Amy Tortorella
Co-Historian

Congratulations to the Class of 1989. We've made it through four years together and this is only the beginning.

Michelle Brooks
Historian

The past four years have been significant for me because I have had the chance to develop strong relationships with friends and teachers that will enable me to keep the memories of Malden High School close to my heart for the years to come.

Gale Sheldon
Historian

As Class Historian for the past two years and being involved in various school activities all four years, I have had many memorable experiences.

In these four years at Malden High School, I have become a more responsible, outgoing, and open-minded person. The most significant aspect of being Historian was that I met many of my classmates whom I may not have known otherwise. Also, I established many friendships which have been very important to me during high school.
